

Product Technical Data Sheet

MACHINE OIL

A product designed to lubricate lightly loaded industrial machine parts.

Application:

- sliding and rolling bearings
- guides
- closed and open mechanical gears
- spindles
- auxiliary friction nodes
- locks, hinges
- household appliances

Physicochemical properties:

Parameters	UoM	Result
Colour	-	colourless, clear liquid
Odour	-	odourless
Kinetic viscosity at 40 °C	cSt	22
Density at 20 °C	-	0,82 - 0,88
Flash point	°C	1

Packagings:

Volume	Collective packaging	Item Code
65 ml (oil can)	4	ART.AGT-080

Warehousing:

Provide appropriate ventilation. Store in original tightly closed containers in a cool and dry place, away from heat sources and direct sunlight. Protect from high temperatures.

Data contained in this document are consistent with the current state of our knowledge. They describe typical product properties and applications. However, it is up to the user to examine the suitability of this product for specific applications. We deny liability for the obtained results on the grounds that application conditions lie beyond our control.
